Mr. E. Henry Knoche  
Deputy Director, CIA

Dear Brother Knoche:

Al Sheriff and I had a recent discussion on the possibility of your doing an article for THE RAINBOW. We think it is a great idea, and all we need is your positive vote to make it unanimous.

With so many conflicting stories of all types about the CIA appearing in the nation's press, it would be great to have a brief article on just what it really is, does, and plans for the future -- written by you.

I am certain that such an article would be of great interest and value to both undergraduate and alumni readers of the magazine. If you should be willing to prepare such an article, I also would like to have it include your own career, and, hopefully, advice you might offer young college men interested in similar careers.

If you prefer, you can simply dictate the information in random thoughts and I will ghost it for you, sending it to you for corrections and approval, of course.

Should you decide to prepare the article or the random notes, I would like also to borrow a photograph of you. It can be returned after an offset negative has been made.

I hope you will agree to this idea, and I will be looking forward to hearing from you.

Fraternally,

David N. Keller  
Editor of THE RAINBOW
